We are a family run wholesale nursery located on the west coast of Argyll, Scotland, approximately 30 Miles south of Oban. For 30 years we have been propagating and wholesaling a wide range of hardy nursery stock as pot liners. Our range includes shrubs, climbers, Rhododendrons and Azaleas, and perennials including Gentians.

Please note this catalogue is for reference only. To order please visit our website to see our current availability list or contact us for more information.

## CRAIGNISH NURSERY

---

Species	Variety	Description	
<b>Actinidia</b>	<b>kolomitka</b>	The bottom half of many of the leaves of this slender climber are creamy white flushed pink. The flowers are white and slightly fragrant in June. The fruits when produced are 2.5 cm long, yellowish and sweet.	
	<b>pilosula</b>	A rare species with long, pointed, narrow leaves which look like they have been dipped in white and pink paint. Pink flowers in the spring. 7x4m.	
<b>Berberidopsis</b>	<b>corallina</b>	Twining climber with heart-shaped dark green leaves with small marginal spines and lovely spherical dark red flowers 1.5 cm across summer to early autumn. Lime free, moist well drained soil. Up to 5m.	
<b>Billardiera</b>	<b>longiflora</b>	A delicate twining shrub with pretty scented greenish-yellow flowers followed by striking deep blue berries. Shelter from cold winds. Up to 2m.	
	<b>longiflora Alba</b>	White berried form.	
	<b>longiflora Cherry Berry</b>	A lovely form with large, deep, rich cherry-red berries.	
<b>Clematis</b>	<b>alpina</b> Single, violet-blue, white filaments, yellow anthers.		
	<small>Image: "Clematis alpina (Jardin des plantes)" by Bouba . Licensed under CC BY-SA 3.0 via Wikimedia Commons - <a href="https://commons.wikimedia.org/wiki/File:Clematis_alpina_(Jardin_des_plantes).jpg#/media/File:Clematis_alpina_(Jardin_des_plantes).jpg">https://commons.wikimedia.org/wiki/File:Clematis_alpina_(Jardin_des_plantes).jpg#/media/File:Clematis_alpina_(Jardin_des_plantes).jpg</a></small>		
	<b>alpina Albiflora</b>		Single creamy-white. Second flush of flowers if grown in sunny position.
	<b>alpina Columbine</b>		Single pale blue bell-shaped flowers with greenish creamy-white staminoides. Suitable for north- and east-facing aspects with sharp drainage. Hardy.
	<b>alpina Francis Ravis</b>		Bright, deep blue, central cluster of white petal like stamens

Species	Variety	Description
	<b>alpina Pamela Jackman</b>	Small, deep blue single flowers. Staminodes pale bluish to creamy. Less vigorous, 2-3 m.
	<b>alpina Rosy Pagoda</b>	Single, bell shaped cerise with pinkish-white staminodes, cream filaments and yellow anthers.
	<b>alpina Ruby</b>	Single, mauve red flowers. Staminodes off-white shaded pink. Very floriferous.
	<b>alpina White Columbine</b>	Single, creamy-white to white on maturity. White staminodes with greenish-yellow tips.
	<b>alpina Willy</b>	Single, pale rose-pink. White staminodes.
<b>Clematis Hybrids</b>	<b>Beauty of Worcester</b>	Reddish-purple, 12-15 cm. Flowers, double or semi-double in late spring, single in late summer. Stamens creamy yellow. 1.8-2.4 m. Hardy. Full sun or partial shade.
	<b>Bee's Jubilee</b>	Single, vivid mauve pink with carmine stripe, fades with maturity. Reddish cream anthers. Hardy, compact, 1.8-2.4 m. Sun or partial shade.
	<b>Blue Boy</b>	Non clinging, herbaceous. Bell-shaped mid-blue flowers 5-7.5cms. White filaments and yellow anthers. Summer. 1.5-1.8 m. Hardy, deciduous. Good ground cover. Can be tied in to obelisk or trellis.
	<b>Blue Eyes</b>	Single, striking lavender blue, beautifully formed flowers. Late flowering.
	<b>Comtesse de Bouchard</b>	Single mauvish-pink, white filaments, yellow anthers. 10-15cms. Flowers very freely in summer. 1.8-2.4m. Hardy. Suitable for growing through other shrubs and in containers.
	<b>Corona</b>	Single, crimson, white filaments and red anthers. 10-15cms. Hardy. 1.2-1.8m. Late spring-early summer, second flush late summer. Good in partial shade. Suitable for containers or growing through low shrubs.
	<b>Daniel Deronda</b>	Large, star-shaped, dark blue-purple. Cream filaments and anthers. Semi-double or single. 18-20 cms. Height 2.4-3 m. Sheltered position, sun or partial shade.
	<b>Dr. Ruppel</b>	Single, large, rosy-pink. Golden stamens. 15-20 cms. Height 2.5-3m. Full sun. Suitable for containers and growing through medium sized shrubs.

## CRAIGNISH NURSERY

---

Species	Variety	Description
	<b>Duchess of Edinburgh</b>	Double, white. 10-12.5cms. White filaments and cream anthers. Early flowers may be tinged green. Full sun or partial shade, sheltered position. 1.8-2.4 m.
	<b>Elsa Spath</b>	Single, dark blue fading to mauve. White filaments, red anthers. 15-17cms. Suitable for containers or through shrubs. 1.8-2.1 m.
	<b>eriostemon Hendersonii</b>	Late flowered. Elegant, bell-shaped violet-blue flowers with re-curved sepal tips, creamy-yellow anthers.
	<b>Ernest Markham</b>	Single, rich red. Cream stamens. 10-15cms. Any aspect but best in sun. Through large shrubs. 3-3.6 m.
	<b>Etoile Violette</b> Single, dainty, dark purple. Creamy yellow stamens. 6-9cms. Good through large shrubs. 3-4m. Any aspect.	
	<b>Henryi</b>	White, contrasting brown anthers. 15-20cms. Sheltered spot, any aspect. 3-3.6 m.
	<b>Huldine</b>	Single, well-held, numerous pearly white flowers, each sepal has three pinkish mauve central bars under surface. White filaments and bright yellow anthers. 7.5-10cm. Hardy, vigorous, 3-4.5m.
	<b>Jackmanii Superba</b>	Single, dark purple with reddish stripe and cream filaments and beige anthers. 13-14cms. Any aspect. 3-3.6 m.
	<b>John Paul II</b>	Single, creamy-white with pale pink flush or stripe. White filaments and dark red anthers. 13- 14cms. Any aspect. Partial shade. 2.5-3m.
	<b>Lady Lonsborough</b>	Single, pale pinkish-mauve with slight stripe, white filaments, dark red anthers. 12.5-15cms. Sheltered position. 1.8-2.4 m.

### Terms and Conditions

1. This list cancels all previous lists.
2. All items offered are subject to availability at the time of the customer's written order and satisfactory subsequent crop growth.
3. All prices quoted are ex nursery and exclusive of VAT which will be levied at the statutory rate at the time being. We reserve the right to make adjustments to prices should unforeseen circumstances force us to do so.
4. Payment is due within 30 days of invoice date unless otherwise agreed. We reserve the right to add interest to overdue accounts at the rate of 5% per month compound.
5. Confirmed orders of over £1,000, before VAT, delivered by Danish trolley will be delivered free of charge on mainland UK if on the main trolley delivery routes.
6. Delivery of confirmed orders of less than £1,000 before VAT will be charged at £60 per trolley on mainland UK if on the main trolley delivery routes.
7. For smaller orders and orders to locations off the beaten trolley track please ask for a quote.
8. A 5% discount is offered for cash on collection.
9. Small order surcharge – 10% will be added to orders totalling less than £500 (ex VAT). Please note that this equates to the highest price band that we used previously.
10. We make every effort to ensure that plants are true to name and free from pests and diseases. All plants should be carefully examined on receipt and any complaints made in writing within seven days. Our liability is limited to replacement or refund at invoice value at our option. All other claims are hereby excluded.
11. Craignish Nursery reserves the property in any goods supplied until the price thereof is paid in full.
12. Risk in the items ordered shall pass to the customer at the moment when the items leave Craignish Nursery property.
13. New customers may be requested to provide two trade references and a Bankers reference.
14. The customer shall be deemed to agree to the above terms and conditions by and when ordering.
